

The Peep Squirrel™ Banner Bags

Custom printed plastic bags that protect your rolled banners, posters, and blueprints

Peep Squirrel™ Banner Bags protect your rolled banners, posters, blueprints, and other graphics from handling, transportation, and weather damage.

Two thicknesses are available to suit your application. The 2-mil bags are ideal for over-the-counter and local delivery use. The 4-mil bags provide the extra strength and toughness for UPS, FedEx and USPS shipping.

A variety of sizes are available. Banner bags are available in five widths and can be made into any length. All bags are sold on the roll and shipped in convenient dispenser boxes.

Advertise your shop with custom printed bags. Don't settle for unprinted or generic bags. Add your company's name, logo, contact information, etc. to your bags. Available ink colors are black or blue. *No minimum order for custom printing.*

All bags are available in either clear or white polyethylene plastic. Clear bags are good for showing the contents or making them visible for easy identification. White bags make your logo printed on the bag more visible.

Call, fax, e-mail, or visit our web site to place your order. Satisfaction guaranteed or your money back.

The Peep Squirrel™ Print Wrapping Paper is also available to compliment, or as an alternative to, The Peep Squirrel™ Banner Bags for over the counter or local delivery use.
